

3rd DIGITAL DATA SCIENCE CONCLAVE 2023

ORGANIZED BY
DATA SCIENCE GROUP (DSG), SCHOOL OF COMPUTER ENGINEERING
KALINGA INSTITUTE OF INDUSTRIAL TECHNOLOGY, DEEMED TO BE UNIVERSITY,
(INSTITUTE OF EMINENCE), BHUBANESWAR ODISHA

4th FEBRUARY 2023

VENUE: AUDITORIUM, SCHOOL OF ARCHITECTURE & PLANNING, CAMPUS-17, KIIT DU.

THEME: ROLE OF DATA SCIENCE IN SUSTAINABLE DEVELOPMENT GOALS (SDG)
PANEL DISCUSSION & ALUMNI TALKS

Dear Sir/Madam,

The School of Computer Engineering is organizing the 3rd Data Science Conclave 2023 during 4th February 2023 in hybrid mode. The conclave was initiated in 2019 by the Data Science Group of the School with an aim to provide a platform for the academicians, industry persons and researchers working in the area of data science to share their ideas and concepts. The objective of the conclave is to bring awareness about the SDGs and the importance of Data Science in SDGs.

A principle of the SDGs is **“leave no one behind.”** With the United Nations and International Organizations are increasingly using network and data science methods to support their development and humanitarian activities. Data science aims to help develop disaggregated indicators to ensure that those at risk of disadvantage because of their characteristics, location, or socio-economic status are recognized. This conclave aims to discuss the insights on how data-related methods are used to tackle and monitor the Sustainable Development Goals (SDGs).

The conclave will have **02 Panel discussion** and **03 Alumni talks** from eminent resource persons & alumni around the globe on the said theme.

We request your gracious presence during the conclave. Further request you to kindly circulate among the faculty members and students of your School for participation and knowledge enrichment.

Registration Link (for Participants): <https://forms.gle/ZxJqahTuFyXVSk9j6>
